

Why EVOS? see why we're better!

we're
Airbaked!

Your Airfries have a conscience, so should your ketchup. Dip your way to happiness with our famous ketchup karma.

60% Less Fat
& calories

Our Fruitshakes are made with real, fresh cut nutritious fruit. Yup the real thing. Not the sugary syruped kind.

Our Hand Tossed Salads are made with nutrient rich Organic field greens and green leaf lettuce. More green means more nutrition.

Organic field greens
Fresh & healthy ingredients
inside an Organic wrap.

Naturally
Raised beef

On our very own Organic bun.

Homemade. Organic.
ALL Natural.

And 60% less fat
and sugar than
other shakes!

Iced Tea Heaven!

Guarantees
a better deal
for Third
World
Producers

Love Bacon? Add our 100% natural, uncured, hormone-free, nitrate-free, preservative-free bacon to any burger, wrap or hot dog for more taste!

We offset 50% of our restaurant energy usage with renewable wind energy. Each store alone has the environmental impact of planting 52 acres of trees every year.

passionate about
making a difference.
since 1994.

There are a lot of food options out there. But none as unique as EVOS.

EVOS is delicious All American food. But without the guilt.

Because EVOS Airbakes™ instead of deep-frying. Sealing in flavor without the excess fat.

We select naturally raised beef, natural poultry, and wild caught Alaskan salmon because we know you'll taste the difference. And because it makes a difference.

We make our food with great ingredients, not cheap ingredients. Our Milkshakes? Organic milk and sugar. Simple, natural, delicious. Our Fruitshakes? Real fruit and fruit juices. Again, simple, natural, delicious.

It's not just great food we are committed to, but being great people too. By supporting our local communities, our farmers, and by being a leader in sustainability since 1994. Our packaging is made with recycled, bleach free paper. Our cups are biodegradable. Even our gift cards are made with recycled credit cards.

You can find all this goodness packed under a roof that has been made with sustainable building materials and running in part on renewable energy sources. And that is why we have been named one of the greenest restaurants in America.

Great tasting food while making a world of difference. It feels great!

"A quick food place that didn't make you feel sick after you ate." -USA Today

"Eat good while eating fast!" -CBS News

"Eating healthy isn't easy...but we've found an alternative for you." -FOX

Our first EVOS, 1994

How We got here.

So we were driving around in our beat up 1988 Oldsmobile, looking for something to eat. But not just anything. We wanted a delicious All American meal - and without the side order of guilt.

After driving what seemed like 400 miles, EVOS was born.

We decided to create a place where family and friends could enjoy great tasting All American food made with healthier ingredients and cooked without the excess fat. A place where you could feel great about yourself and the world around you.

That place? We call it EVOS.

Arkis Michael Dino
