

Fast Facts:

- Spelled EVOS (capitalized with no apostrophe) Name derived from the word evolve ... EVOS® is 'fast food evolved.'™
- America's first Healthier Fast Food restaurant chain, since 1994
- Started by three good friends who were tired of feeling regret after eating their favorite American meal of burgers, fries and shakes
- Dino Lambridis, Alkis Crassas, & Michael Jeffers amassed over 40 credit cards and \$150,000 of debt, to open their first store in 1994
- Not a health food or vegetarian restaurant – just a restaurant that appreciates traditional All American favorites, but made with respectable ingredients in a respectable atmosphere
- NO dirty oil deep-fryers used. Instead, EVOS Airbakes™.
- Sustainable business practices since its inception in 1994- EVOS believes business can be about people, planet, and profits. Named “Greenest burger Chain in America”, voted in top 3 most sustainable companies in foodservice industry and Winner of the esteemed Earth Charter Award.

why EVOS?

The graphic features a blue monitor icon on the left with a speech bubble saying "we're Airbaking!". To the right, the text reads "60% Less fat & Calories. Cleaner food means a healthier you, and planet." Below this is the EVOS logo and the tagline "Your New Year's resolution solution." At the bottom, a row of food items is shown with callouts: Airbaked vs deep-fried = 60% less fat & calories!; Fair Trade Certified & Organic Teas!; Organically grown pesticide-free field greens!; Organic buns and fresh gourmet wraps!; Grains + Greens + Protein = NutriBowls!; Naturally & humanely raised beef!; Naturally raised beef dog 100% natural ingredients!; Organic Milkshakes & nutritious real Fruitshakes!

- Because we're Airbaking™ versus deep-frying! Result? 60% less fat & calories. 100% full of flavor. Cleaner food means a healthier you, and planet.
- Homemade Milkshakes made with Organic milk & sugar. Fruitshakes made with real cut fruit. No cheap ingredients. Simple. Natural. Delicious.

- Our Salads and NutriBowls are made with the most nutrient dense natural and Organic ingredients served in earth friendly containers.
- Natural, sustainable & humanely raised proteins all wrapped up in our natural, Organic hamburger/hot dog buns and wraps. Ingredients matter at EVOS.
- EVOS Original Ketchup Karma™ bar, serving Organic and naturally infused flavored ketchups.
- Organic & Free Trade Iced Teas and Sodas.
- All this greatness can be found under a roof made with sustainable materials and running in part by sustainable energy. Since 1994.

Earth Day. Every Day.

EVOS is committed to clean renewable energy. We offset 50% of our restaurant energy usage with renewable wind energy. Each store alone has the environmental impact of planting 52 acres of trees every year.

EVOS supports sustainable family farming by using Certified Organic ingredients whenever possible and purchases Fair Trade Certified products, which guarantee a better deal for third world producers.

Sustainable materials are utilized in the building of EVOS stores.

Examples include: Environmentally friendly zero VOC paints and adhesives; recycled wood panels made of pressed sorghum plant stalks; and eco-friendly flooring materials made from renewable natural raw materials like wood flour, linseed oil, rosin, jute fiber and limestone.

EVOS cooks with 100% pure air vs. oils. No dirty grease for you. No wasting energy, recycling it.

Guest materials are printed on recycled paper with vegetable based inks whenever possible and use 100% recycled plastic gift cards made of old recycled credit cards.

Plastic cups made of 20% post consumer waste, fully compostable plastic take out bags; and kitchens that recycle cardboard content.

EVOS purchases Energy Star qualified commercial equipment; uses energy efficient bulbs which produce up to 75% less energy and heat; and automatic light switches which turn off when not being used.

And, everyone tries not to take things too seriously. Including ourselves!
